

## Stichting HIV Monitoring data and expertise at AIDS 2018

POSTER PRESENTATIONS	
Tuesday, 24 July 2018, 12:30 – 14:30	
TUPEC302	<p><b>PrEP for MSM can result in reductions in HIV transmission and can be cost-effective, even with a small decrease in condom use</b>  <u>M. Reitsema</u>, A.J. van Hoek, J. Wallinga, B. van Benthem, A. van Sighem, M. Schim van der Loeff, M. Xiridou  <a href="http://programme.aids2018.org/Abstract/Abstract/3618">http://programme.aids2018.org/Abstract/Abstract/3618</a></p>
TUPEE578	<p><b>Late presenters drive the non-ART cost of HIV-care</b>  <u>S. Popping</u>, B.E. Nichols, D.A.M.C. van de Vijver, P. Reiss, A. van Sighem, K. Brinkman, S. Geerlings, C.A.B. Boucher, A. Verbon, for the ATHENA HIV Observational Cohort  <a href="http://programme.aids2018.org/Abstract/Abstract/9017">http://programme.aids2018.org/Abstract/Abstract/9017</a></p>
TUPEA005	<p><b>Many introductions but little transmission of HIV-1 non-B subtypes amongst heterosexuals in the Netherlands</b>  <u>D. Bezemer</u>, M. Hall, A. van Sighem, P. Reiss, C. Fraser, O. Ratmann  <a href="http://programme.aids2018.org/Abstract/Abstract/11530">http://programme.aids2018.org/Abstract/Abstract/11530</a></p>
TUPEB147	<p><b>Heterogeneity in pulmonary function indices by HIV status and cumulative smoking intensity among well-controlled HIV-infected persons compared to HIV-uninfected participants in the AGEHIV cohort</b>  <u>S.O. Verboeket</u>, F.W. Wit, G.D. Kirk, M.B. Drummond, R.P. van Steenwijk, R.A. van Zoest, M.F. Schim van der Loeff, P. Reiss  <a href="http://programme.aids2018.org/Abstract/Abstract/6191">http://programme.aids2018.org/Abstract/Abstract/6191</a></p>
Wednesday, 25 July 2018, 12:30 - 14:30	
WEPEB082	<p><b>HCV treatment cascade in the Netherlands: DAA uptake varies by key population, effectiveness of HIV treatment and co-medication use</b>  <u>C. Smit</u>, A. Boerekamps, A.M. Newsum, J.E. Arends, C. Richter, T.S. Boender, P. Reiss, B.J.A. Rijnders, K. Brinkman, M. van der Valk on behalf of the ATHENA national observational HIV cohort  <a href="http://programme.aids2018.org/Abstract/Abstract/8658">http://programme.aids2018.org/Abstract/Abstract/8658</a></p>
WEPEB039	<p><b>Incidence, timing and outcome of IRIS in relation to specific opportunistic infections - the ATHENA cohort study</b>  <u>I.E.A. Wijting</u>, F.W.N.M. Wit, C. Rokx, M.E. van der Ende, P. Reiss, B.J.A. Rijnders, on behalf of the ATHENA national observational HIV cohort  <a href="http://programme.aids2018.org/Abstract/Abstract/2380">http://programme.aids2018.org/Abstract/Abstract/2380</a></p>
WEPEA023	<p><b>Non-nucleoside reverse transcriptase inhibitor-based combination antiretroviral therapy is associated with lower cell-associated HIV RNA and DNA levels as compared with therapy based on protease inhibitors</b>  <u>A.O. Pasternak</u>, N. Kootstra, J. Vroom, F.W.N.M. Wit, M. de Bruin, D. de Francesco, C. Sabin, A. Winston, J.M. Prins, P. Reiss, B. Berkhout, on behalf of The Co-morBidity in Relation to Aids (COBRA) Collaboration and the MEMS Cohort Study  <a href="http://programme.aids2018.org/Abstract/Abstract/2915">http://programme.aids2018.org/Abstract/Abstract/2915</a></p>

<b>Thursday, 26 July 2018, 12:30 – 14:30</b>	
THPEC225	<p><b>Earlier HIV diagnosis among men who have sex with men in Amsterdam following interventions to increase awareness of early HIV infection</b></p> <p>A. van Sighem, G. de Bree, U. Davidovich, W. Zuilhof, A. van Bijnen, F. Verdult, M. Dijkstra, T. Heijman, A. Hogewoning, E. Op de Coul, J. van Bergen, M. Schim van der Loeff, P. Reiss, HIV Elimination Amsterdam (H-TEAM) Initiative and the ATHENA National HIV Cohort  <a href="http://programme.aids2018.org/Abstract/Abstract/8592">http://programme.aids2018.org/Abstract/Abstract/8592</a></p>
THPEB129	<p><b>The paediatric continuum of HIV care in the Netherlands: from diagnosis in childhood to viral suppression in adulthood.</b></p> <p>Colette Smit, Tom Wolfs, Sonia Boender, Annemarie van Rossum, Peter Reiss, on behalf of the ATHENA observational cohort.  <a href="http://programme.aids2018.org/Abstract/Abstract/4846">http://programme.aids2018.org/Abstract/Abstract/4846</a></p>
THPEB037	<p><b>Substantial decline in virological failure after combination antiretroviral treatment (cART) initiation in treatment-naïve HIV-positive adults in the Netherlands from 1996 to 2016</b></p> <p>T.S. Boender, F.W.N.M. Wit, A. van Sighem, K. Brinkman, C. van Nieuwkoop, A.M.J. Wensing, P. Reiss, on behalf of the ATHENA National Observational HIV Cohort  <a href="http://programme.aids2018.org/Abstract/Abstract/1405">http://programme.aids2018.org/Abstract/Abstract/1405</a></p>
THPED601	<p><b>Evaluating progress towards triple elimination of mother-to-child transmission of HIV, syphilis and hepatitis B in the Netherlands, 2012-2015</b></p> <p>M. Visser, C.P.B. van der Ploeg, C. Smit, F. Abbink, C.W.P.M. Hukkelhoven, B.H.B. van Benthem, E.L.M. Op de Coul  <a href="http://programme.aids2018.org/Abstract/Abstract/2711">http://programme.aids2018.org/Abstract/Abstract/2711</a></p>

<b>ORAL POSTER DISCUSSIONS</b>	
<b>Thursday 26 July, 13:00 - 14:00 Oral Poster Discussion Session Track A – Basic and translational research</b>	
THPDA0103	<p><b>Does HIV-seroconversion affect the serum N-glycans profile, one possible biomarker of ageing? Insights from a longitudinal study</b></p> <p>C. Pirazzini, P. Garagnani, E. Giampieri, C. Sala, V. Borelli, M.G. Bacalini, D. De Francesco, C.A. Sabin, M. Prins, F.N.M.W. Wit, N.A. Kootstra, C. Libert, C. Franceschi, P. Reiss, The Co-morBidity in Relation to AIDS (COBRA) Collaboration and the Amsterdam Cohort Studies on HIV  <a href="http://programme.aids2018.org/Abstract/Abstract/7878">http://programme.aids2018.org/Abstract/Abstract/7878</a></p>

<b>WORKSHOPS</b>	
<b>Wednesday, 25 July 2018, 12:30 – 14:30</b>	
	<p><b>"Drop-in training session" at AIDS 2018: HIV modelling tool</b>  Ard van Sighem, Anastasia Pharris  Joint Commission/EU agencies booth in the Global Village</p>
<b>Thursday 26 July, 11:00-12:30</b>	
THWS03	<p><b>Theory in practice: Combining new methods and data for HIV prevention</b>  Maria Xiridou, National Institute of Public Health &amp; Environment, Netherlands  Ard van Sighem, Stichting HIV Monitoring, Netherlands  Christophe Fraser, University of Oxford, United Kingdom  Birgit van Benthem, National Institute of Public Health &amp; Environment, Netherlands  <a href="http://programme.aids2018.org/Programme/Session/894">http://programme.aids2018.org/Programme/Session/894</a></p>
